## YOU'RE INVITED TO THE ANNUAL BRINE SHRIMP HARVESTER MEETING

September 25, 2008 at 8:30 a.m. to 12:30 p.m. at the Great  
Salt Lake State Park Marina

The annual brine shrimp pre-harvest and training meeting will be held on Thursday, Sep-  
tember 25th, 2008 at the Great Salt Lake State Park Marina. All participating harvest com-  
pany personnel are strongly encouraged to attend. The meeting will be broken into four ses-  
sions covering different aspects of the harvest. This meeting is meant to enhance safety and  
understanding for individuals involved in all facets of brine shrimp harvesting. The Great Salt  
Lake State Marina is located at 13312 W 1075 S, Magna, UT 84044. If traveling from Salt  
Lake City continue straight onto I-80 W, take exit 104 towards Saltair Drive, then turn left at  
Saltair Drive and continue west to 1075 S arriving at the Salt Lake State Park Marina.

This year we are pleased to announce the participation of the Division of State Parks &  
Recreation Search & Rescue Team and LIFE FLIGHT. Due to the revised program, we ask  
that you make plans to attend this meeting and provide us with the following so we can ade-  
quately accommodate all participants: (1) Number of personnel attending the meeting. (2)  
The GPS coordinates in WGS 84 datum for your main harvest operation camps which may be  
utilized by LIFE FLIGHT as evacuation LZ points or by other local EMS resources. (3) An  
emergency contact list to include: company name, contact name(s) with job title(s) and cell  
phone number(s). The deadline for this information is August 21st, 2008.

Thank you for your support of our work at The Great Salt Lake Ecosystem Program.

Sincerely,

John Luft

Great Salt Lake Ecosystem Program Manager
